Roll-a-Story: Paleontologist for One Day

Title: Alexa’s Dino Adventure

Once upon a time there was paleontologist called Alexa. Alexa was a scientist and her dream was to find dinosaur bones. Her favourite dinosaur was the Troodon because it was smart. One day while looking in a dark forest Alexa found a huge dinosaur bone! Alexa was confused because she didn’t know what kind of dinosaur it was. So she took pictures of it on her cellphone and sent them to her mom. Her mom called her and said that it was a Troodon. Alexa was so happy she began to jump with joy. It was the best day ever.
